In JESUS Name MEDICAL MINISTRY

IJN News

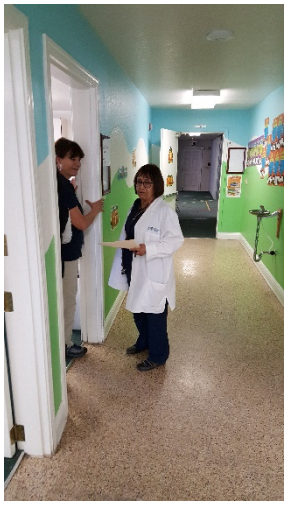
December 2018

HOW DID JESUS OVERCOME THE WORLD? **He came...**

He came to our world…He walked with us, talked with us, taught us, loved us and then went to the cross for us.

HOW DO WE OVERCOME THE WORLD? By walking and talking with Him! . . . by learning from Him, loving Him and by letting His Word and His Spirit guide us. **It is through our relationship with Him that we too can overcome the world and its problems.**

This past year, In Jesus Name Medical Ministry has come alongside many people on Jesus' behalf, doing what we can for them medically and sharing His Words and His Spirit with them.



Perhaps most exciting this year has been the development of IJN in Las Vegas! Doctor Naomi Purdy recently sent us a text mentioning 15 different blessings that they have received from the Lord: Greenway Company has offered them a free pallet of medical supplies; 2 different churches in the Las Vegas valley have now expressed an interest in hosting their first clinic; Hope Clinic in Las Vegas has offered to be a referral site for patient follow up purposes; and the list goes on…

On October 20th, five team members from IJN Las Vegas joined us at Hilltop Church in Carson City to experience first-hand how IJN clinics operate. What fun and what a blessing! We saw 52 patients that day. The Las Vegas team was duly impressed with how we work together so smoothly and as to how the Lord was lifted up!

We all had dinner together that night and talked details. Thank you, Hilltop Church…as always…a great blessing to all of us! IJN Las Vegas hopes to hold their first clinic in early 2019. We will be taking a team there to help them get started.

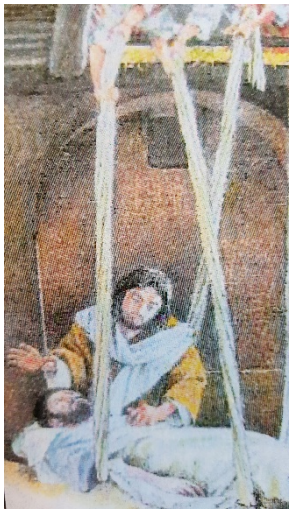
In November, New Life Christian Center in Reno hosted us and, as always, the Spirit of the Lord was front and center. What a great church! I love their motto: "Providing a hand up, not just a hand-out" to inner-city Reno. We saw 43 patients.

For the second time, we were able to offer on-site counseling services and IJN is happy to welcome Tracy and Kathy Lutes to our IJN team. They are providing on-site as well as between-clinic access to Christian counseling services…such a definite need!

December will find us in Dayton Nevada at Calvary Chapel Dayton Valley – a new destination for us. We are excited to go and partner with them just one week before Christmas!

Remember EH? She came to IJN with disabling knee arthritis. We were able to provide her with a knee replacement along with charitable help from Carson Valley Medical Center. I ran into her recently in the community and she is working again back in a stable job.

Matthew 9:35 recounts that, "Jesus was going about all the cities and the villages, teaching and proclaiming the gospel of the kingdom and healing every kind of disease and every kind of sickness." Look at our patient "problem list" from just our last clinic:



Knee pain
Fatigue
Migraines
Heart burn
Chest pain
Asthma
General Check-up
Diabetes
Kidney stones
Arthritis
Shoulder pain
Earache
Dizziness
Stomach pain
Breathing problems
Fever blisters
High blood pressure
Flu shot
Cough
Skin lesion
Leg wound not healing

This list looks like, "*every kind of disease and every kind of sickness!*"

It's interesting to note the diversity of occupations that these people have (or don't have)!

Sub shop employee
Golf course work
Mail delivery person
Unemployed
Caregiver
None
Cleaner
Warehouse worker
Musician
Carpenter
Counter
Laborer
Marketing
Etc.

IJN participated in three different parades this year to increase community awareness: Carson Valley Days Parade in Gardnerville/Minden, the Nevada Day Parade in Carson City and most recently last Saturday in the Parade of Lights in Gardnerville/Minden. We passed out flyers to hundreds of people… what a witness & what FUN!

As I have seen God working through our IJN teams and churches this past year I've found myself gaining more and more understanding of how God works and how He desires to partner with us in this world. My own personal faith has deepened. Hopefully the closeness of our walk with Jesus for each IJN team member and church volunteer has increased this year as well. This is how we grow!

Next year, we've been invited to Sparks Christian Fellowship in Sparks Nevada for the first time and will be going there in July. We are also looking forward to attending Christian Medical & Dental Association (CMDA) conferences in Cannon Beach, OR and Ridgecrest, NC as well as the Global Health Missions conference in Louisville, KY.

Merry Christmas and thank you to all our IJN team members and church volunteers this past year as we have now surpassed 125 free clinics in Jesus' Name!

Check out our website to see what's new: www.InJesusNameFreeClinic.org.

In Christ,

Scott

Special Thanks to our IJN team members and volunteers these past few months from Dayton New Life Fellowship, Silver Hills Community Church, Sierra Community Church, Hilltop Community Church and New Life Christian Center:

Medical Team

Tom Naegele, MD
Clint Purvance, MD
Dan Rowe, MD
Scott Southard, MD
Carol Swartz, MD
Newton Yco, MD

Joanne Araki, FNP
Catherine Fuller. FNP
Steve Hayden, FNP
Sylvia DeHart, RN
Sarah Keys, RN
Samantha Morgan, RN
Dianne Sproul, RN
Delia Fruhn, MA
Kristina Gonzales, MA

David Norvell, EMT
Cindy Williams, Rad Tech
Greg Brittain, Rad Tech
Ramon de los Santos, Rad Tech
Margie Sever, PT
