In JESUS Name MEDICAL MINISTRY

IJN News

July 2017

As we gathered in our circle to pray before our June free clinic at New Life Christian Center in Reno, we focused on "Hope." The question was asked: How many patients coming to clinic this day will have eyes of 'Hope'? Hope that they will find help for their physical worries? Help for perhaps their emotional duress? Do you think that any will have prayed to God to help them? Do you think, whether Christians or not, any will come in as a last resort? Psalm 42:11 addresses these questions and provides God's answers:

"Why are you in despair, o my soul? And why have you become disturbed within me? Hope in God for I shall yet praise Him, the help of my countenance, and my God."

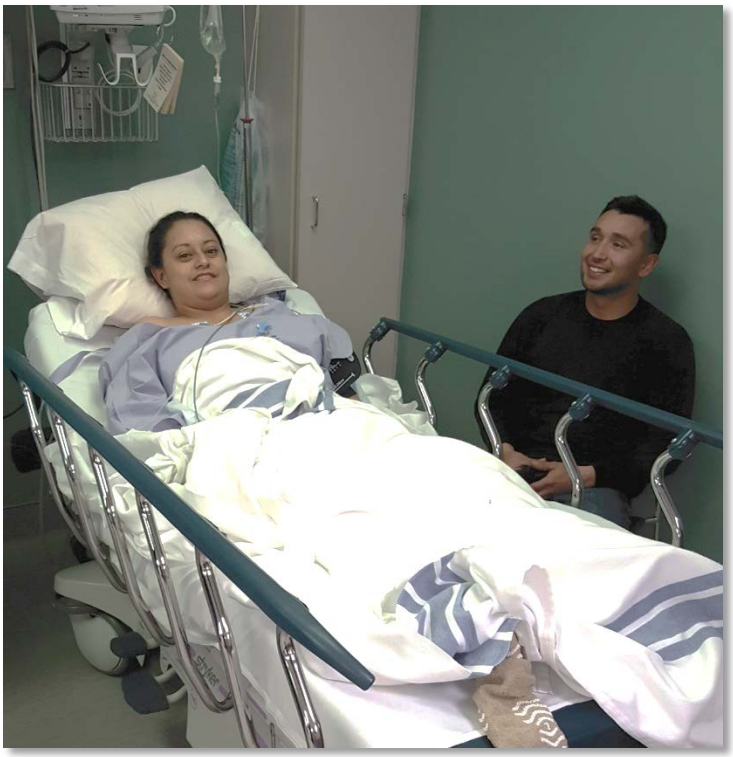
"Hope in God!" That is what people should do! That is why they come! And this is where IJN can help provide for them…In Jesus Name!

G.T. had "hope" when she came to IJN several months ago. She had severe knee pain, couldn't walk well and was having trouble working a full shift. She needed surgery. We were able to coordinate medical services and operate on her knee for free in Jesus' name. She offered these thoughts in a thank you note to us:

Dear In Jesus Name, (May 1, 2017)

Before anything, I would like to thank you for what you have done for me. Thank you for taking care of me and aiding me through a tough time in my life. As a result, I can walk and support my family by beginning to work. Thank you for your time in helping me get better and for your support. I was lucky enough to be blessed with such great people. I want to thank you for answering my prayers. Continue on doing what you do because you will continue on blessing other lives. I love you, In Jesus Name.

Sincerely, G.T.



We also received this thank you note recently from a different patient, R.T.: *(May 5, 2017)*

> *Thank you! Thank you for loving God and serving so many people like me…I can't tell you how much "In Jesus Name" ministry has helped me and not just physically, but emotionally and spiritually! God has used you all tremendously during this time of grief and need…for which I will never forget to give Him thanks. My shoulder feels 100% better because of your love for God's people. May God bless you mightily.*

Is the "hope" of these people well placed? Are we helping them in a way where Jesus is lifted up and He is given thanks and praise? These are questions we must ask ourselves as IJN facilitates patients coming to the "house of God" for help. Should people look to God's church (His people) for help with medical concerns? (Well, they looked to Jesus 2000 years ago when He walked the earth and they sought help for their medical concerns…and He helped them! Jesus used people's medical needs as a means to communicate to them about His love and compassion for them. So why not today?!) IJN is helping to facilitate that. It's such a joy for IJN to "be there," at the church, to help people!

We hope that In Jesus Name Medical Ministry chapters will arise in different cities and help answer the "hope" of many individuals that God will help them. Please pray that God will raise up physicians in other cities who desire to start an IJN chapter in their own area.

Come, celebrate with us as we rejoice in having held more than 100 free clinics in the Minden-Gardnerville, Carson City, Lake Tahoe and Reno areas. We have now seen over 3000 patients and have operated on approximately 50 people for free…In Jesus Name! Please come join us for our celebration/BBQ on September 16th from 12:00 noon until 6:00pm at Calvary Chapel Carson City on Clearview Drive, next to the new freeway (see flyer on the right).

I give thanks to my God for you because of the grace of God that was given you in Christ Jesus.

(1 Corinthians 1:4 ESV)

Our July Free Clinic will be held at Silver Hills Community Church in Carson City on July 15th (see website for details).
