ABOUT OUR MINISTRY

In Jesus Name Medical Ministry (IJN) was founded by Dr. Scott Southard in the Northern Nevada area more than 14 years ago and has since facilitated more than 170 clinics, cared for over 4,700 patients, and has been able to provide approximately 80 surgeries for people at no cost. We have the vision to expand the ministry nationally to as many cities as possible in the United States. Las Vegas is the second location and had its first clinic in March 2019.

MEDICAL TEAM

Multiple physicians from various specialties are available to serve our patients. The clinic doctors' specialties may all be different, but one thing they have in common is their willingness to help others, for FREE, in the Name of Jesus Christ.

PRAYER TEAM

A critical part of our team is behind the scenes and serves in a most important way…. they are those who pray for the needs of our patients and our clinic.

CONTACT US

Whether you are a doctor, a nurse, a therapist, or just someone who believes in Jesus Christ and cares for people, we would welcome your interest in helping our ministry. Visit our website to fill out a volunteer application.

Want to Host A Clinic?
We would love to partner with you!

Vision Services
Osteopathic Medicine
Counseling
Pregnancy Testing
Health Education
X-Ray
Flu-Shots
Want Prayer?

HOW IT WORKS

Once a month, our team heads out to a host church or organization somewhere in the region where we set up a FREE medical clinic for the day. We usually bring 15-20 medical and non-medical volunteers, and in partnership with volunteers from the church, we transform designated building space into a temporary medical clinic for the day. In some regions we bring a mobile x-ray unit in a trailer. Registration is from 9:00am - 12:00 noon. Pre registration is not required. Everyone who is registered before noon will be seen.

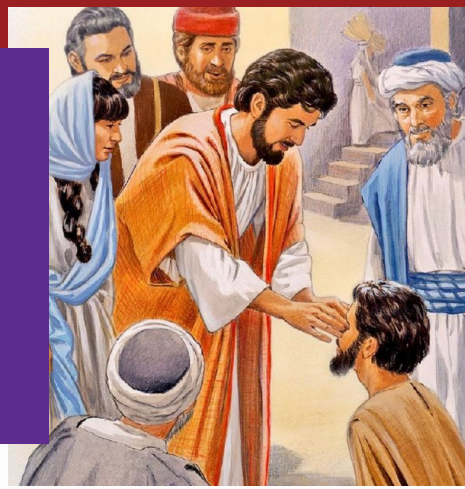
ADMINISTRATION TEAM

The Administrative team makes everything work1 Registration and check out procedures are handled by this team.

SET-UP TEAM

The set-up team is critical to the smooth operation of the clinic. They transport any equipment, supplies, room dividers, etc. to the hosting church and, with the help of some church volunteers, they set the clinic up.

If Jesus were to physically step into our culture today as He did 2000 years ago, what do you think he would do? We believe He would reach out to people in need. In today's society this would likely include people with insufficient health care coverage and difficulties taking care of their basic health needs. The number of such people in our culture is growing and growing. We believe Jesus would go out to these people, see their need and hasten to it. He would go to them, show them His love and tell them the gospel message. This is what we strive to do.



All of the doctors and personnel involved with In Jesus Name Medical Ministry are professing Christians who use their God given gifts in serving The Lord. They are each acting in accordance with the words of Jesus in Matthew 25:40 when He said: "...Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me." [NIV]
Jesus loves each and every person created and desires each and every person to come to know Him and His love for them. We have all experienced His love for us and desire to share it with others, serving through medicine.
